HOW WE SPENT THE SUMMER...

Bucknell student-athletes are constantly doing incredible things during their time away from competition. These are just a few of the examples of how the Bison field hockey players spent their summer that exemplify what it means to be a student-athlete in the Patriot League.

#6 BRITTANY WILLWERTH — I was awarded the opportunity to study abroad with my teammate Chloe, travelling to the beautiful country of Denmark to take a child development course. Following my trip, I returned to Lewisburg to volunteer at Geisinger Medical Center and the Ronald McDonald House.

#24 SARAH DIMOCK — I worked at Camp Jotoni with my friends who have special needs and disabilities. I also had fun playing in the Young Women's National Championship.

#2 MACKENZIE HANEY — I completed an internship treating patients in a health clinic, hiked the famous Table Mountain, and enjoyed the incredible culture that Cape town, South Africa has to offer.

#17 NICOLE RUPNIK — I researched meta cognition in capuchins at our primate lab and applied for vet school

#9 CLAIRE LESHNER — I interned with a non-profit called Inglis while living in Philadelphia. My role was in government and community relations, where I worked on a number of projects dealing with healthcare and adaptive technology for people with disabilities.

#15 LANEY TREACY — I spent the summer formulating and studying a new kind of mineral oil-based gel. It was really cool to be able to hold something that nobody had ever held before.

#4 KATIE MANNINO — While applying to PA programs, I worked as an aid for Nova, a home care agency, where I took care of senior citizens in their homes.

#13 ALLIE CHRISTOPHER — I worked in a lab at WashU in St. Louis and constructed plasmids using molecular biology techniques. These plasmids are going to be injected into *C. elegans* and transfected into human cells to look into ways to study cell death seen in Necrotizing Enterocolitis.

#22 M.C. EVANS — I observed a neurosurgeon at the University of Kentucky for two months. Together, we are working on a clinical report on a new surgical technique to treat complex brain aneurysms that he pioneered. I also have been working on my music, as I'll be recording some original songs soon.

#64 OLIVIA HARRIS — I interned at the American Museum of Natural History in a speciation's lab for sea anemones. I also finished a math class and participated in the Young Women's National Championship Field Hockey Tournament, a tryout for the national team.

#7 SALLY OLSON — I had the opportunity to intern at a law firm, where I drafted legal documents, attended court proceedings, and assisted in deposition preparation.

#25 MARISA MORAKIS — I spent three weeks in Ghana as part of an engineering class.

#14 LEXI QUICK — I had the opportunity to work for HBO in the Human Resources department. I acted as the HR College Recruiting intern.

#11 CHLOE POLTONAVAGE — I helped create a fitness app with the Engineering & Humanities Departments. I was also fortunate enough to study in Denmark learning about child development with one of my teammates, Britt.
